Thank you Pam. We need to get you a rain check next time you are up in Syracuse, NY. What do you think of our proposal for the North Landfill?

Nelson

Hi Nelson, The EPA person who will be at the Crouse-Hinds Landfill site visit is Mark Granger. He is working with Rick Mustico on the capping of both the north and south landfills. I am only involved as it pertains to Lower Ley Creek and the local disposal option for the site.

Wishing you good weather for your site visit, Pam
